

The Town of Fort Mill is accepting applications for the position of Firefighter I.

Please submit job application, current resume, and copy of Fire-EMS related certificates and application to:

Interim Fire Chief Chipper Wilkerson  
Fort Mill Fire Department Station 1  
121 Tom Hall St  
Fort Mill, SC 29715.

The Town of Fort Mill is an Equal Opportunity Employer.

**Deadline:** Open until filled.

### **GENERAL JOB STATEMENT**

Under general supervision, responds to requests for emergency assistance, station duties, and fire prevention duties. This position generally functions at the task level to stabilize emergency incidents. This position requires extensive training in the operation and maintenance of hand tools and power equipment. Work often includes performing strenuous, hazardous tasks during emergency situations under a wide range of environmental conditions. Reports to the Fire Lieutenant.

### **MINIMUM TRAINING AND EXPERIENCE**

Requires a high school diploma or GED equivalent supplemented by training in fire service programs, or an equivalent combination of education, training and experience that provides the required knowledge, skills and abilities. Must complete required coursework and maintain required certifications as issued by the S.C. Fire Academy and SC DHEC. Must possess a valid SC Driver's License or other state equivalent driver's license for the operation of the vehicles in this job description.

Preferred courses and/or certifications: NFPA Firefighter I; NFPA Firefighter II; American Heart CPR; National Registry EMT; and South Carolina EMT; Positive Pressure Ventilation; Flammable Liquids and Gas Firefighting; Hazardous Material Awareness; Hazardous Material Operation; I-100; I-700; Basic Auto Extrication; NIMS-ICS for the Fire Service; and Rope Rescue Operations. All equivalent certifications (i.e. IFSAC or Pro-Board) and South Carolina Fire Academy granted equivalencies will be considered to suffice these requirements.

Requirements upon appointment: Within two (2) years of appointment the following courses and/or certifications must be obtained: NFPA Firefighter I; NFPA Firefighter II; American Heart CPR; National Registry Emergency Medical Technician - Basic; South Carolina Emergency Medical Technician; Positive Pressure Ventilation; Flammable Liquids and Gas Firefighting; Hazardous Material Awareness; Hazardous Material Operation; I-100; I-700; Basic Auto Extrication; NIMS-ICS for the Fire Service; and Rope Rescue Operations. All equivalent certifications (i.e. IFSAC or Pro-Board) and South Carolina Fire Academy granted equivalencies will be considered to suffice these requirements.

A combination of education, training, and experience may be considered for any training and experience requirements.
